

# THE TAAN GLOBAL MEETING

COPENHAGEN  
30 APRIL – 2 MAY 2009

The Internet. Social media. Cut-throat competition. Demanding clients. Shrinking budgets. Economic slowdown. Yes, big changes are happening around us. But we have one competency that'll help us weather these changes, and thrive: the ability to uncover insights and tell a compelling story around it. The TAAN Global Meeting in Copenhagen will drive this and help us focus and get back to the basics our business – the business of ideas.
